2. Review Focus Group Results and create an implementation plan

Review of the Focus group notes:

With the Communication topic we saw a common a lot of concern and interest in the school using a texting app. The group had some experience with texting apps and Bruce's concern was people responding to the school posts with inappropriate remarks or unnecessary information confusing people or causing conflict.

The group felt Remind.com was partially being used and comments could be turned off.

A push for every student going through registration does not proceed in the registration line until the family is registered for the APP. It becomes a mandatory station in our future registration process.

This will address several of the parents' concerns about communication coming early to the parents and from the school admin.

The Website can be adjusted to include links to Volunteer opportunities,

Links to sport teams and schedules and equipment needs.

Bruce will follow up with Jon Jolls on parents request for information on the website, sport schedules uniform and equipment lists.

Corrie will follow up with Link for Volunteer jobs on campus.

Discussion on printing Tucson Unified Connect on the back of every id to let the parents have another resource for Trama concerns for our community.

Events-

Bruce Williams will follow up with Dr. K about the parent's requests for “College Boot Camp”

Anti – Bullying event – Kevin will follow up with a plan to bring in a speaker from our community.
