- Things mentioned:
- Emphasize the QR Code both the teachers and the Lobby upon entrance and exit
- Change organization of the language interpreter

#### **District Level FE Survey**

Bruce Reported we are 50 surveys short of our goal.

Strategies used:

Flyers with QR code passed out in the parking lot, Parent Square several times, Sarah with social media, Synergy Emails by Renee, Raffel at football game had the quickest return time with most numbers.

Ideas to add for the next 2 weeks: make a poster for the Attendance office, ask the girls in the attendance office to remind all parents who sign in to use the available QR code to take the survey.

#### **Next Steps**

Analyze the Survey results in January

Pick 3 strong reoccurring topics for the parents to discuss

Select a focus group of parents to suggest ideas on those 3 topics for the FE Team to review

Report the outcomes to our Sabino Community
